

The Governing Body of Bredenbury Primary School (BPS)

Governor Register of Interests 2020/2021

From 1st September 2015, Governing Bodies will be under a duty to publish on their website their register of interests. The register must set out:

- Relevant business interests of governors
- Details of any other educational establishments they govern
- Any relationships between governors and members of the school staff including spouses, partners and relatives.

Governors have a legal duty to act in the best interests of the school. Where there are personal or financial interests which may conflict with this duty they must identify, prevent and record the conflict. Generally they will not be involved in discussions or vote on matters to which their conflict relates. It is an annual requirement for governors to sign/review/affirm a declaration of interest. This requirement also includes personal or other interests which might be a potential source of conflict.

Name and membership type	Business Interest	Other Schools Governed	Relationship with School staff or governor	Document signed
